Pupils are encouraged to think 'how' and 'why' and see setbacks as a step on the path to success as they develop curiosity, challenge their thinking and develop new ways to learn.

Last year, Swanbourne House pupils were awarded an impressive 13 scholarships and exhibitions to leading senior schools across the UK.

THE *Stowe* GROUP

In January 2021, Swanbourne House became part of The Stowe Group. The Stowe Group comprises Stowe School, Ashfold, Swanbourne House School and Winchester House School. The Group's formation has given pupils and staff at Swanbourne House access, not only to Stowe's world-famous estate, but to its expertise in teaching and learning as well as governance. The Stowe Group recently launched its Change Makers vision along with the Change 100 programme to raise £100m for transformational bursaries. The Stowe Group is part of Allied Schools, an association of independent schools which uphold the Protestant and Evangelical principles of the Church of England.

The Stowe Group does not aim to produce stereotypes or mould pupils into conventional all-rounders. Change Makers are encouraged to grow in their own way and celebrate the differences between them. Nurturing the emotional, physical and mental well-being of each pupil is of paramount importance and our culture is characterised by teamwork, collaboration and mutual respect. Mindful of their ethical, intellectual, physical and social development, we educate and support our pupils to achieve fulfilling lives. Our goal is to inspire pupils and staff to be Change Makers who will shape positive futures for themselves, their families and the global community.

Through a broad and inclusive education, pupils are educated and prepared for life. They gain knowledge and understanding in a wide range of academic disciplines as well as developing core skills in thought leadership, critical thinking, intellectual curiosity, innovation, communication, technology, creativity, team-work and collaboration, self-reflection and lifelong engagement. World-class facilities support

our educational aims and are shared with the wider community. We strive for excellence and celebrate achievement, valuing education as a journey and not a destination in the belief that all pupils can exceed their potential. Learning is learnable and everyone can improve.

Our aim is to encourage personal development by creating a flourishing, vibrant, cohesive, caring and socially inclusive community which embraces pluralism, diversity and intercultural understanding. We celebrate differences by giving everyone a voice and then listening to multiple viewpoints. We believe it is our collective responsibility to develop the cognitive, physical, emotional and spiritual well-being of everyone in our community.

We are committed to the development of character, with particular emphasis on tolerance, resilience, honesty, humility, courage, compassion, gratitude and service. While many pupils compete at the highest level in sport, our aim is to provide a wealth of co-curricular activities which pupils of all abilities can access and enjoy. Through teaching, coaching and counselling, we will do our utmost to support pupils to be their best, do their best and feel their best. We honour the legacy of Change Makers from the past by looking forward to a future where wealth is not a barrier to success. We are building an endowment to support Change 100 which will promote social mobility by allowing unprecedented access, regardless of financial means or circumstances, to a Stowe education. We have developed partnerships with local schools, explored international opportunities and strategic links with universities, businesses and NGOs. We strive to attract and retain employees of the highest calibre.

Environmental stewardship and sustainability are cornerstones of a Stowe education. Stowe stands in the most sublime setting of any school in the world and embodies beauty and liberty. The historical importance of Stowe should give Stoics and staff a heightened awareness of their social and environmental responsibility in preserving this unique eco-system. We have developed and implemented a comprehensive Environmental Stewardship Programme which confronts a variety of challenges, including climate change and environmental sustainability.
